

Newer than New : Surprising Changes and Dental Inflation Busters

Presented by Dr. Peter Auster

Dental companies are leapfrogging over each other to introduce the next great product. Some are outright exciting; some are just ways to charge higher fees for tweaked products. Dr. Auster will help you decide which direction to go when adding better, more intuitive technologies and products to your dental world. Also, start to love dentistry: understanding and confronting “Dental Imposter Syndrome” and “Dental Burnout”.

Learning Objectives

Dive deeply into inflation-busting products that drastically DECREASE your costs

AI in Dentistry: the future is now, and it's amazing!

Discover dozens of brand-new products that beat what you use: single shade composites, zirconia cements, temp cements, a MUCH better retraction paste; desensitizers; bulk fills; better bite materials; diode lasers; curing lights, scanners

Learn how injection molding and new “pressure molding” can fill your chairs and end down-time in your practice

Should you buy that scanner or 3D printer now? A veteran’s report. What your lab should be telling you about scans.

Learn how to beat imposter syndrome and start truly enjoying dentistry

BIO

Dr. Peter Auster strives for his seminars to be “uplifting, inspiring, and educational” - as a recent testimonial summarized. He combines the latest technology, materials, and techniques in a free-moving, collaborative day, where attendee participation is embraced, and the tailored needs of the audience are honored.

Dr. Auster continues thirty-five years of cosmetic and reconstructive dentistry in his private practice in Pomona, NY. He has lectured from Portland, Maine, to Portland, Oregon, and internationally.

Dr. Auster has written dozens of articles for major dental publications. His article, “Groundbreaking Composite Dentistry” was the cover story of Dentistry Today Magazine in February 2019, and he was named the cover story again in April 2022. Dr. Auster is a Fellow of the International College of Dentists and the American College of Dentists.

Dr. Auster has spent twelve years in leadership positions at the American Academy of Cosmetic Dentistry (AACD), including the 2022 chair of their Professional Education Committee. He also founded their New York affiliate, the Greater New York Academy of Cosmetic Dentistry (GNYACD). Dr. Auster is a speaker for Catapult Education’s Speakers Bureau. He takes great pride in twelve years of volunteer dentistry abroad and an ADA award for international voluntary service.
